WEBCASTING OF SCIENTIFIC SESSIONS

The ability to attend all congresses, or even all sessions at a given congress, is impossible for the busy medical professional. Webcasting provides a means of sharing knowledge and learning opportunities beyond the dates of the actual congress and thus serves a vital educational need. Materials are saved locally, but at the same time, can be distributed over the web to viewers around the world via a robust cloud server. Viewers can access the broadcasts using PCs, tablets, or smartphones live (as streamed video) or later, as on-demand webcasts.

Kenes offers two types of webcasting options: *

- Video includes a video screen of the speaker during the session, PowerPoint slides (in sync with the speaker), and audio.
- Digital Imaging includes PowerPoint slides with audio.
- Support will be recognised on the home screen with "Supported by..." and a company logo only
- Support will be acknowledged in the Industry Support and Exhibition section of the program guide, on the congress website, mobile application and with signage during the congress.

**Webcasted sessions to be designated by the Congress Planning Group. Supporters will have no influence on content. Congress retains the copyright of all of the enduring materials in all media formats arising from the main Congress, including the use and distribution rights for webcasting of all congress accredited programming.*

EDUCATIONAL GRANT FOR A SCIENTIFIC SESSION

Educational Grant in support of an existing official Scientific Session organized by the Scientific Committee and supported by a grant from industry.

- Support will be acknowledged in the Industry Support and Exhibition section of the program guide, on the congress website, mobile application and with signage during the congress.

MOBILE APP

The Congress Mobile App engages attendees with personalized planning tools and real-time congress updates. The App transforms smartphones, tablets, and laptops into tools for active participation and makes it easy for participants to access congress information to connect with speakers and colleagues. The App includes the scientific program, abstracts, speakers' information, participants' list, the rating/voting system for sessions and speakers, and a personalized scheduler. The App can be downloaded from the Apple App Store and Google Play.

The Mobile App support includes:

- Supporter acknowledgement on the splash/pop-up screen of the App: "Supported by: company name/logo" (product logo not permitted).
- 2 "push notifications" included in the sponsorship package.
- Support will be acknowledged in the Industry Support and Exhibition section of the program guide, on the congress website, mobile application and with signage during the congress.

E-POSTER AREA

Kenes e-Posters are a unique combination of scientific posters and interactive content. An e-Poster is an electronic version of the traditional paper poster and is shown at dedicated digital stations at the congress.

E-Posters create unique networking and engagement opportunities, generate participants' interest, and are good exposure for authors. The highly trafficked e-Poster terminals, located in prime locations allow attendees to access the electronic presentations easily and conveniently. E-poster support includes:

- Signage at the entrance to the e-Poster area with "Supported by..." and a company logo only.
- Signage "Supported by..." and a company logo only on each individual e-poster station.
- Support will be acknowledged in the Industry Support and Exhibition section of the program guide, on the congress website, mobile application and with signage during the congress.
